PROFESSIONAL SUMMARY

Highly motivated Frontend Developer with hands-on experience in building scalable, high-performance web applications using JavaScript (ES6+), React.js, and TypeScript. Strong team collaborator with excellent communication skills, adept at working in agile cross-functional teams to deliver pixel-perfect, mobile-first responsive user interfaces.

PROFESSIONAL EXPERIENCE

Frontend Developer | World Business Software Solutions (Full-time) *Apr 2026 – Jun 2026*

- Built high-performance web components and dynamic UIs using JavaScript, React.js, and TypeScript.
- Collaborated with cross-functional teams and designers to ensure seamless routing workflows and responsive layouts.
- Participated in team syncs and code reviews to streamline system updates and input forms.

Frontend Developer | Syhtek Software Solutions (Full-time) *Jul 2025 – Apr 2026*

- Developed scalable, responsive frontend modules using advanced JavaScript, React, and Remix.
- Communicated technical requirements effectively within agile sprints to optimize core state management.
- Collaborated with UI/UX engineers to translate wireframes into high-fidelity interactive components.

Frontend Developer (Internship) | Syhtek Software Solutions *Nov 2024 – Jun 2025*

- Supported senior development teams in building modular JavaScript components and debugging application flows.
- Maintained high code quality and clear documentation following collaborative Git workflows.

TECHNICAL & SOFT SKILLS

Frontend Stack:	HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Remix, React Router
UI & Optimization:	Responsive Web Design, Mobile-First UI/UX, Component Management, Performance Tuning
Soft Skills:	Team Collaboration, Agile Sprints, Professional Communication, Problem Solving, Code Reviews
Build & Tools:	Vite, npm, Git, GitHub, Bitbucket

PROJECTS

Technology Hub LLC

technologyhublic.com

- Engineered responsive, pixel-perfect user interfaces matching global technical standards via JavaScript logic.
- Enhanced site performance and user experience using modular, reusable components.

Door 2 Door Cargo

door2doorcargoint.com

- Developed dynamic JavaScript frontend components for an international cargo tracking system.
- Ensured seamless responsive styling and cross-browser UI uniformity.

EU Mobile Wholesalers

eumobilewholesalers.com

- Designed structured frontend interfaces for B2B price mapping and bulk catalogs using advanced JavaScript arrays.
- Integrated robust user validation rules tailored for commercial usability.

UK Airport Taxi Transfers

ukairporttaxitransfer.co.uk

- Implemented mobile-first user reservation modules and interactive pricing layers using vanilla JavaScript.
- Conducted localized layout validations ensuring dynamic user engagement.

EDUCATION & CERTIFICATIONS

Diploma: Web & App Development

2024

Saylani Mass IT Training Program (SMIT)

Intermediate (Computer Science)

2026 (Ongoing)

Jinnah Government Boys College

Matriculation (Computer Science)

2020 - 2021

Fatima Public Secondary School
